

Augustine Gbao Apology

Good morning fellow Sierra Leoneans. I am Augustine Ato Gbao, serving Special Court sentence in Rwanda. I wish to express my candid remorse for the pain and trauma you people went through during the war, which I hold myself highly responsible for, for failing to act. I deeply regret my action that failed to at least lessen your pain and trauma at the time you people needed it most during the war. I wish to say wholeheartedly that I am deeply sorry and I sincerely and honestly apologise to all Sierra Leoneans who who suffered as a result of my action and negligence. I am humbly appealing to the victims and all Sierra Leoneans to find a place in their hearts to forgive me. Thank you all. May Allah bless us all. Long live Sierra Leone.
